THE TEXTILE METROPOLIS

A Visual Expedition

NotebookLM

URBAN INTEGRATION

Superimposing chromatic architecture onto a traditional metropolitan grid.

NotebookLM

PATTERN LANGUAGE

Facades treated as textiles: Floral motifs, geometric checks, and polka dots.

NotebookLM

GLYPHIC FORMS

Tubular structures mimicking massive, habitable typography.

NotebookLM

ANTI-GRAVITY ZONING
Suspended infrastructure and translucent atmospheric volumes.
NotebookLM

THE ETHER

Wireframe pneumatics and levitating voxel clusters.

NotebookLM

THE SYNTHETIC GROUND
A cohesive, striped ground plane connecting isolated vertical clusters.

NotebookLM

REFLECTED DENSITY

The waterway serves as a perfect mirror, amplifying the chromatic impact.

NotebookLM

THE CHROMATIC FOREST

High-density clustering of distinct visual identities.
in Inter Regular with airy leading.

NotebookLM

PERMEABILITY

A porous skyline designed for transparency and light flow.

NotebookLM

UNBOUND HORIZONS

A limitless vision of the future metropolis.
